AIMEN SAEED

Software Engineering Student · AI & Data Science Enthusiast · Educator

aimensaeedwork@gmail.com · 03045975639 · linkedin.com/in/aimen-saeed · Peshawar, Pakistan

PROFESSIONAL SUMMARY

Final-year Software Engineering student at Abasyn University (CGPA 3.85/4.00) with a strong foundation in Python, machine learning, and generative AI. Over 8 years of independent tutoring experience demonstrate proven communication, self-management, and problem-solving skills. Passionate about applying data science and AI to build practical, impactful solutions.

EDUCATION

BS Software Engineering | Abasyn University, Peshawar | *2023 – 2027 (Expected)*

- CGPA: 3.85 / 4.00
- Relevant coursework: Data Structures, Machine Learning, Database Systems, Object-Oriented Programming
- Final Year Project: Flutter-based student helper application

EXPERIENCE

Independent Tutor (Self-Employed) | Online & In-Person | *2017 – Present*

- Delivered personalised academic coaching to 10+ students across various subjects over 8.5 years
- Designed structured lesson plans and assessments, improving student outcomes consistently
- Built strong client relationships, maintained a steady referral-based student pipeline
- Developed communication, time management, and instructional design skills through sustained self-employment

Freelance Social Media Manager | *2024 – 2025*

- Designed and edited social media posts, graphics, and promotional content for client pages
- Applied basic social media optimisation (SMO) strategies to improve post reach and engagement
- Managed content scheduling and maintained brand consistency across platforms

PROJECTS

Rag-based Research Paper Searcher | Certification Project | *2026*

- Built a Streamlit web application that answers the questions related to the academic research papers using the Google Gemini API
- Integrated prompt engineering techniques, to improve search quality and relevance
- Demonstrates practical understanding of APIs, and Python, Langchain, Vector Store and RAG pipeline

Research Paper Summariser App | Personal Project | *2025*

- Built a Streamlit web application that summarises academic research papers using the ChatGPT API (OpenAI)
- Integrated prompt engineering techniques to improve summary quality and relevance
- Demonstrates practical understanding of APIs, and Python

Machine Learning Practice Models | Academic / Personal | *2024-Ongoing*

- Implemented supervised learning algorithms from scratch: Linear Regression, Random Forest Classifier
- Used Python libraries pandas, NumPy, matplotlib, seaborn for data preprocessing, EDA, and visualisation
- Applied models to real-world datasets; evaluated performance using accuracy, confusion matrix, and MSE

Student Helper Flutter App (FYP) | Abasyn University FYP | *2024*

- Co-developed a cross-platform mobile application in Flutter/Dart as a final year project
- App designed to assist students with academic tasks; delivered working prototype within project timeline

Frontend Web Pages | Practice Projects | *2023 – 2024*

- Built static web pages using HTML and CSS to reinforce front-end development fundamentals

SKILLS

Languages: Python (proficient), C++ (basic), Dart/Flutter (basic), HTML & CSS (basic)
Data Science: pandas, NumPy, matplotlib, seaborn, scikit-learn
AI / ML: Machine learning algorithms (supervised learning), Deep learning (conceptual), Generative AI, OpenAI API, Streamlit
Tools & Platforms: Git, GitHub, VS Code, Google Colab
Social Media: Content creation, post design & editing, Social Media Marketing
Soft Skills: Teaching & mentoring, communication, self-management, client management, problem-solving

CERTIFICATIONS & TRAINING

- **Generative AI Certification (In Progress)** — Arfa Karim Technology Incubator (AKTI) (2025) · *Generative AI, Prompt Engineering*
- **Foundations of Python** — Microsoft (Mar 2024) · *Python Programming*
- **Introduction to Git and GitHub** — Microsoft (Jan 2024) · *Git, GitHub*
- **Data Science Mathematics** — Great Learning (Dec 2024) · *Statistics, Mathematics for ML*
- **Social Media Management** — Khud Mukhtaar (Oct 2024) · *Social Media Marketing, SMO*
- **Microsoft Learn Student Ambassador (MLSA)** — Microsoft (2024) · *Community, Tech Leadership*

LANGUAGES

- **Urdu** (Native)
- **English** (Professional proficiency)
- **Pashto** (Native)
- **Arabic** (Quranic Grammar)
- **Turkish** (Beginner)
- **Saraiki** (Native)
